of

Superior Glads

Although our 1943 planting of Glads was very small compared with that of other years and many favorite varieties were omitted altogether, we are offering again this fall, what we believe is quite a good selection of some of the newer varieties. Due to the enhanced demand and the general shortage of bulbs, it is doubtful if many of the varieties listed will be available late in the season. We will perhaps be unable to send out many orders until after the first of the year, but to encourage early orders so that we may have more time to prepare and plan for our food crops and look after our Daffodil planting in the spring, we are again offering discounts for fall orders. These discounts will consist of extra bulbs of your choosing.

SPECIAL DISCOUNTS ON EARLY ORDERS

On all orders for \$5.00 or more accompanied by cash in full:

select 20% of the value of your order in extra bulbs if sent on or before Dec. 15th;
select 15% extra in bulbs until Feb. 1st;
select 10% extra in bulbs after Feb. 1st.

TERMS

Prices quoted are prepaid except "quantity prices." Most orders will be sent after March 1st except those which go by express where larger quantities are shipped, or in the case of small orders, where customer wishes shipment made express collect and will accept extra bulbs to offset transportation charges. Occasionally arrangements can be made for parcel post shipments during the winter but some risk is involved due to the danger of freezing in transit. One bulb or bulblet may be purchased at one-eighth the ten rate; five at the ten rate; and 25 at the hundred rate unless otherwise priced and providing the item does not total less than 10c. On orders for less than \$1.00, please include 25c for postage and packing. All stock offered subject to crop and to prior sale.
